DISASTER RESPONSE PLANNING INFORMATION

We want to make sure that all our parishioners are able to endure seasons of unexpected disasters. Please fill out the information below, so that we will know who may need assistance or how we can help each other.

Name: _____

- I am elderly, live alone, or have special circumstances and would require extra help.
- I live in the following community or mobile home community: _____
- I would need help in preparing my home and in doing extra shopping to prepare for a potential disaster.
- I have concerns about being alone in case of trouble after a disaster.
- After a disaster, I will be staying with the following persons: _____

Mark areas where you could serve others in the event of a disaster on a part-time/temporary basis:

- I know of a storage building that might be available
- I could provide a room for a limited time.
- I have property that could provide temporary pasture for livestock.
- I have a car and can provide transportation as needed.
- I have a cell phone and I am willing to make calls.
- I have a land line phone and I am willing to make calls.
- I have an internet connection and I would be willing to send e-mail messages as needed.
- Other services not mentioned: _____

After storm clean-up is an essential part of life returning to normal:

- I have heavy equipment that may be made available
- I have a generator that may be made available
- I have light garden tools (rake, hand clippers)
- I have a grill that may be made available

DISASTER RESPONSE PLANNING INFORMATION

I could help out by: _____

Name: _____

Address: _____

Phone: _____ Cell: _____

Important medical information: _____

I would like someone to call to check on me in the event of disaster warnings.

I would be willing to be on an emergency clean-up team

We understand from past experience that neighbors are often our first contact in disasters, like a hurricane. If possible, talk to a 'preferred' or a 'close' neighbor and even share this information with them. You can establish a bond with them, check up on them, or ask them if they would be willing to check up on you in an emergency situation. It might take several hours for outside help to contact you. If you help us by giving us this information about yourself and where you can be found, we will be able to assist you faster!

As a loving community, under God, we will be able to band together and be a blessing to each other and to our community!
